One-Stop Shop
Serving all of North America:
The highest quality products at the lowest prices.

ConcretePumpSupply.com
CPS has provided exceptional service to the concrete pumping industry for more than 30 years. We are one of North America’s largest distributors of spare parts and system for all makes and models of concrete pumps. In addition, we produce and sell a full lineup of Concrete Pump Primers, and we are the home of the original Envirosac Concrete Washout Bag.

Expertise, inventory, and service are what set us apart from the rest. Our staff has over a century’s worth of industry experience. We don’t just know parts; we stock them with our inventory being second to none. The combination of expertise and on-hand inventory allows us to provide you with superior customer service. Our goal is to provide you with the product you need, when you need it, to ensure you get your job done. This is especially true when it comes to boom systems, where we take pride in our guarantee to get you a completed, quality system within 2 weeks of order confirmation.

Please use this system catalog to search through our vast offerings of quality system and EnviroSystems products. Follow us on Facebook and visit our website for monthly specials and offerings. And as always, feel free to call us with any questions at 877-434-7867.

Simply stated, CPS strives to be the Pumper’s Choice, a One Stop Shop, for all your concrete pumping needs.

SYSTEM CATALOG 2020
PLACING EQUIPMENT

Our 18M (60ft) mini placer is the latest innovation on the market for concrete placement. The three-section boom takes the place of mechanical deck placers in most instances. The mini placer extends the length of your boom pump, adds vertical reach, and eliminates additional labor. In some applications, our mini placer can be a substitute for a traditional placing boom set up.

### FEATURES
- ACPA standard HBC remote
- Infinite Rotation
- Dual Power – Electric and Gas w/ Diesel Option
- Heavy duty slewing gear
- Emergency hand pump
- Split frame detachable boom unit
- Multiple Adjustable pick points (4 pick points)

### BENEFITS
- HBC remotes are an industry standard and allow the operator freedom to move around the pour
- Infinite Rotation Eliminates Dead Spots
- Having power options provides versatility for different job sites
- Emergency hand pump can unfold and fold manually
- Allows for easy movement around the job site
- Multiple pick points allow the unit to be moved with counterweights full on a single pick

1233 PSI CONCRETE PUMP HOSES

Our CPS hose is designed by concrete pumpers and manufactured to our specification in Europe. Our hoses are perfect for pumping any wet material. We offer both textile and steel reinforced hoses ranging from 1.5" to 5" in diameter. Our ends fully crimped in house with heat treated stems.

FEATURES

- High quality abrasion resistant anti-static natural rubber
- Wire reinforced with high tensile steel cords
- Fabric hoses are reinforced with high tensile synthetic textile and antistatic copper wire
- Colored coded
- Meets or exceeds ASME B30.27 standards

BENEFITS

- Our high-quality rubber allows for the most durability when dragged around the toughest jobsites
- A full crimp through the length of the ferrule is the safest crimp style on the market
- The color-coded layline allows for easy identification of diameter, working pressure, and type of reinforcement

Made by Pump Operators for Pump Operators.  
Highest Viscosity of Any Pump Primer.  
Lab Created, and Field Tested.  
60 Primes Per Box.  
Industry Leader Combining Speed and Performance.  
Works With Any Type of Concrete Pump.  
Coats Inside Wall of Pipe and Hose System.  
Trusted, Time Tested, Cost Efficient, Versatile.  
First Choice Among Line Pumps.  
Each 2 lb Bag Replaces a 94 lb Bag of Portland Cement.  
The Original Prepackaged Primer.  
Operators Count on it.  
Liquid Formula for Easy Mixing.  
Mixes Within 2 Minutes.  
The Best Liquid Pump Primer on the Market.
